*P*artnership with NWT Chamber and the Canadian Chamber of Commerce to continue their lobbying effort to build the Mackenzie Gas Pipe-

OUR HISTORY

The Inuvik Chamber of Commerce was first formed in 1971. The Chamber elected a full Board of Directors and Executive Officers to oversee its operations. The Chamber's first President Dick Hill was elected as Executive Director from 1975 to 1993. In his role as Executive Director he ensures continuum and stability within the organization as elected officers leave the community during their term.

The organization has seen several rebirths since its inception and in October 2009, the Town of Inuvik Business Development Officer, Larry Peckford took on the challenge to breathe new life into a Chamber that never say die. Now with renewed energy and direction, the current Inuvik Chamber of Commerce is again reborn with a full Board of Directors and Executive Officers. Past President, Larry Peckford took on the role of Acting President from October 2009 until December 2010.
